GEORGE CARTER EXPLAINS DESIRE TO REORGANIZE ASSO. CHARITIES

A. Lewis, Jr., newly-elected president of the Associated Charities.

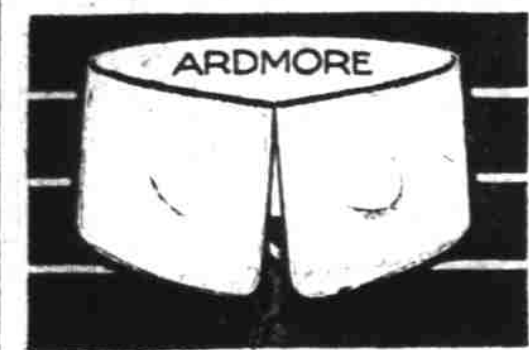

A. Lewis, Jr., Elected President of Organization for Present Year — Reorganization Plan Includes Sending Away for Trained Social Organizer—Wider Social Benefit the Plan

"Whereas, there are indications of increased demands upon philanthropy for the coming year; and
"Whereas, the business men of Honolulu are now combining into a Greater Chamber of Commerce through which it is hoped to secure more co-operation in benevolence;
"Therefore, be it resolved, that we recommend to those who direct, control and manage this association—first, the necessity for greater efficiency, and second that, if feasible, they send away for a trained social organizer in order to achieve deeper, more effective sympathy with wider social benefit than has before been possible."

The foregoing resolution, presented by George R. Carter, president of the Honolulu Chamber of Commerce, was adopted by the members of the board of directors of the Associated Charities at the annual meeting of that organization yesterday afternoon.

Prior to the presentation and adoption of Mr. Carter's resolution, officers were elected to serve during the coming year. A. Lewis, Jr., being chosen president. Other officers named were Bishop Henry Bond Restarick, 1st vice-president; Mrs. C. du Roi, 2d vice-president; Miss Ruth Benedict, secretary, and Percy H. Deverill, treasurer. The executive committee was completed to include the officers of the association and Mrs. C. H. Dickey, J. R. Galt, Mrs. W. F. Frear, Mrs. F. W. Macfarlane and Hon. Sanford B. Dole. The board named Mrs. J. M. Whitney, Mrs. J. P. Cooke, C. H. Dickey, J. R. Galt, S. B. Dole and W. A. Bowen to serve as its elected members on the board of directors. Interesting reports were presented by S. B. Dole, the retiring president; Mrs. Alice Jordan, manager; Miss Emily Farley, head of the employment department of the charities; Percy Deverill, treasurer, and Mrs. J. M. Whitney, the retiring secretary.

Preceding the presentation of his resolution and its adoption, Mr. Carter made a statement setting forth the reasons for his presenting the resolution. He said in part:
"We believe this organization has not fully grasped the opportunity now grown sufficiently in its field of action. It would indeed be duplication to form another; therefore, we desire to rehabilitate this association. We do not charge neglect nor lack of integrity, and we do appreciate the faithful service rendered by those who year after year have given their time and energy to this work."
"Founded in 1899, for 14 years this society has kept constantly before the public the idea of systematic charity; the objection to indiscriminate giving; the elimination of waste, and the prevention of poverty. However, we all agree that 'charity is more than almsgiving.' We recognize that visiting the needy and disbursing relief are component parts of the work of such organization, but we believe it is of greater importance to stimulate the spirit of charity to guide others, so that they may enjoy the exhilaration and reaction from kindly deeds. Organized charity ought not to mean the contraction of benevolence. We want more effort put on the first of the objects which your by-laws provide; that is, to secure the concurrent and harmonious action of the different charitable and benevolent societies of Hawaii. You have now but 18 of these affiliated in your work and there are some eighty in existence. We want more justification for the existence of this association and less of the appearance of the usurpation of functions of other societies."

DEFENSIVE WAR AGAINST PESTS WELL WAGED

In 22 vessels carrying vegetable matter which arrived at Honolulu in December, the territorial entomologist, E. M. Ehrhorn, inspected 30,082 lots and parcels, of which 28,006 were passed as free from pests, 1923 fumigated, 146 burned and two returned.

Baggage of passengers and immigrants from foreign countries yielded 53 packages of fruit and four packages of vegetables, which being prohibited from entry, were seized and put to the flames. Nineteen plants were refused entry into the territory for not having any permit from the federal authorities at Washington. They were brought by people from foreign countries and were burned. Blank applications for permits can be obtained from the territorial entomologist, who is the authorized agent of the federal horticultural board.

All five-leaved pine trees are prohibited from the United States, being susceptible to the white pine blister rust. No plants or parts of plants can be admitted into the states or territories by parcel post.

White ants taken from the bandstand in the capitol grounds have been identified as *Cryptotermes lacteus*, recorded from Australia and in these islands for a long time. They are the same as found by Mr. Ehrhorn in the wharf piling on Pier 7, also doing damage to woodwork in a Kamehameha school building. Several pernicious beetles and flies were intercepted in shipments of plants from Japan. Included were a number of the anomalous grub that has been bothering the sugar planters for some years. At Hilo Brother Newell destroyed some holly infested with fungus.

In inter-island inspection 1525 packages were passed as clean and 23 refused shipment.

JUDGE ROBINSON OF LAHAINA FORCED TO LET UP COURT WORK

[Special Star-Bulletin Correspondence]
WAILUKU, Maui, Jan. 26.—Judge Edward C. Robinson, district magistrate of Lahaina, has been obliged to leave his work at the ancient capital, because of a general physical breakdown. He has been very faithful as district magistrate and had really overworked, looking after all details of his office very faithfully. His friends say he did not eat properly or take enough sleep. Those inter-

ested in him have been trying for several weeks to get him away from Lahaina, and have him take a thorough rest. At last he consented, and was taken to the Fred Baldwin Home at Makawao, where he is being taken excellent care of by Mr. Cameron, who is in charge of the home.

A. N. Hayselden, the well-known Lahaina lawyer, is temporary judge for a month or two. It is rather expected that Judge Robinson will in a few weeks be able to resume his duties, but if not it will be no very difficult task to find a successor to him, as several men are willing that their names should be used for the position. Mr. Hayselden, however, refuses to be a candidate for the position.

Many of the great paintings of the old masters, which have never before been loaned to any exposition, will be seen in the Palace of Fine Arts at the Panama-Pacific International Exposition. These have been secured through the efforts and enthusiasm of John E. D. Trask, chief of the department of fine arts, who has just returned to the United States after a tour of Europe, where he enlisted the interest of all the art centers in the exposition's plan for a wonderful display of art. In all he secured promises of 350 of the priceless masterpieces.

A rancher has applied for the rental of 320 acres on the Pike national forest, Colorado, to be used in connection with other private land, for raising elk as a commercial venture.

PAUL J. RAINEY

African Hunt Pictures

AT THE

Bijou Theater

Beginning

Tomorrow Night

For One Week Only

On account of the late arrival of the Honolulan, which is twenty-four hours behind schedule time, due to rough weather, the Paul J. Rainey African Hunt Picture Reels, which were to have been shown tonight, will not be here until tomorrow.

Manager Magoon of the Consolidated Amusement Company wishes to announce that the first run of these pictures will be tomorrow night.

Greatest Motion Picture Ever Shown

Wild Animal Life as it really exists in Darkest Africa.

Exciting, Entertaining, Educational. Better than the most exciting play.
